

---

Are you looking for an interesting job? You're not a fan of routine? You enjoy physical work? This job is for you! Confort Expert Inc. is looking for dynamic people to join its team of water-heater installers on the road, serving the greater Montreal area.

This job will allow you to learn the basics of plumbing and electricity while working. All your hours worked will count towards obtaining your cards outside of construction. With us, you get a proper trade; no more jobs on the side! By working on the road and with our customers, you will become an expert in water heaters and customer service.

The Confort Expert Inc. advantages: we offer a competitive salary, a stable, full-time (or part-time) job all year round with frequent opportunities to work overtime, a stimulating and positive work environment, a work-day that goes quickly and possibilities of rapid progression. The salary starts at \$15/h and you will have an increase of \$0.50 every 6 months for 2 years. We also offer group insurance, an RRSP, two days of flexible holidays in addition to vacation, and don't forget that after 3 years of seniority you get 3 weeks of vacation.

As an assistant installer, you will help with the installation of water heaters, while learning the basics of the installer trade. To do this, you will work as a team with your colleague and you will quickly learn to communicate with customers.

We are looking for a person with the following skills to join our team:

- Has physical and manual skills
- Can present themselves well in front of clients and offer good customer service
- Is flexible in terms of their schedule
- Is able to understand clients' needs
- Works well in a team
- Communicates adequately
- Can get by in English

You will also need:

- Your high school diploma
- A class 5 driver's licence

If this job interests you, send us your CV without delay!

Type of job: Full time, Part time

Salary: \$15.00/hour
